

TRAVEL GRANT – THEATRE FILM

INFORMATION

Travel grants may be awarded for travels abroad for work or studies for example participating in courses, visiting festivals, pursuing research or arrange a meetings for upcoming works. The aim must be specified and motivated. The goal of the travel should be to benefit the applicant's artistic development or working opportunities abroad.

Grants can be awarded for shorter artistic courses/workshops , but not for travels for “general education” or for participating in educational programme for one term or one year or similar.

If you have an invitation from the organisation or artist that you wish to visit you should instead apply for a grant for international cultural exchange. That is if, for example, you have been invited abroad to screen a film at a festival or participate in a guest performance or some other cultural exchange.

If you are uncertain which grant to apply for, please contact the Swedish Arts Grants Committee. Do not apply for both a travel grant and a grant for international cultural exchange for the same journey.

Grant applications are individual. If you plan to travel with a colleague, both of you have to submit an application. You can apply for one journey per application. If you plan to make several journeys, you have to submit individual applications for each journey.

The Swedish Arts Grants Committee may award a grant for a journey that has already been undertaken at the time of decision, under condition that the application was submitted before the departure date.

The amount normally required is 5 000-30 000 SEK.

To apply

You submit your application online on the website. For that you need an *e-legitimation*, please contact your bank to get your personal e-legitimation. “Mobilt bank-ID” with your smartphone is recommended.
