

PROJECT GRANT - THEATRE DANCE FILM

INFORMATION

Project grants are intended for comprehensive artistic work, experiments or development. The project should have a clearly defined goal, be time-limited and have a budget. The grant should be used for costs directly related to the project, such as a salary for yourself and other participants, materials, rent for premises or travel. For example, you can apply for a grant for conducting a workshop in preparation for a performance, for testing new working methods, for developing new techniques or for pursuing new collaborations. Filmmakers can also apply for grants for production of short-, documentary and animated films or developing feature film. The application should be submitted by the filmmaker. Producers are only awarded grants in exceptional cases and for a specific film, not for general activities or production. (For production of feature film please contact the Swedish Film Institute)

Every year some 80-90 project grants are awarded in the areas of theatre, dance and film in total. The amounts range from approx. 50 000 to 200 000 SEK. These are not exact figures, but approximations and it is possible to apply for higher amounts.

In your application you should, in detail, state the aim of your project, how you plan to execute it and what result you expect from it. Please read through your project description to make sure that it includes all information pertaining to the goal of your project, how, when, where and why you want to pursue it. If you mention other participants in your application, you are obliged to inform them about this in advance.

A project grant is a taxable income for the recipient. The Swedish Arts Grants Committee will submit a statement of income to the Swedish Tax Agency with the amount paid out. If the grant, or part of it, is used as your salary, it is pensionable. If the grant is used to pay salaries to other participants, the recipients are obliged to pay income tax and social security contributions.

Project grants awarded in March must be redeemed no later than 1 October in the same year. The Swedish Arts Grants Committee disburses a grant only to the person to whom the grant has been awarded, or to his or her self-employed business (enskild firma) – not to other forms of companies, non-profit organisations, cooperative businesses or foundations. Neither do we pay salaries or any other amounts to other participants in your project.

Criteria and decisions

Decisions are made by the Committee's working party for theatre, dance and film artists. The working party is appointed by the Committee's board and comprises twelve members, who are active in the areas of theatre, dance, film or dramatic art, such as directors, dancers, filmmakers or producers. The applications are evaluated according to criteria set out by Parliament: artistic activity and quality as well as financial need. Also taken into account are aspects such as genres and techniques, gender, age, ethnic and cultural background and geographic distribution.

The Swedish Arts Grants Committee's financial support is awarded to professional artists who are resident of, and/or have their main artistic practice in Sweden. You are not eligible for support if you are currently receiving basic education in the arts, up to master level.

The support is intended mainly for freelance artists without permanent employment. The Swedish Arts Grants Committee does not award support to playwrights. They are referred to the Swedish Authors' Fund. All grants and allowances awarded by the Swedish Arts Grants Committee are for individual artists. Institutions, independent groups or similar are referred to the Swedish Arts Council.

Decisions are published in Feb/March 2016. The decisions are final. (cf § 17 in the regulation "Förordningen om bidrag till konstnärer, SFS 1976:528").
